**TWO PIKES UNDER STATE AID**  
Fiscal Court Plans For Reconstruction of Danville and C. O. Roads.

In accordance with the provisions of state road law, the Fiscal Court of Lincoln county is advertising for bids for reconstruction of the Stanford and Danville and Stanford and Crab Orchard pikes.

These two roads constituting as they do, county seat roads within the meaning of the state law, are to be rebuilt and reconstructed under the state supervision and in the main with funds received by Lincoln county from state road fund. Sealed bids are asked for which will be opened on October 9th. In letting the work by contract, in the way prescribed by the State Road Department it is believed that the best quality of road work can be obtained at a minimum of expense.

A splendid example of pike reconstruction under the supervision of the Department of Public Roads is seen in the reconstruction work which Garrard county is now doing on the Stanford and Lancaster pike from Lancaster to the Lincoln county line. No finer road way is to be found anywhere and travelers over it pronounce it the equal of a boulevard. The Lancaster Record explains the construction of that roadway as follows:

"Over two miles of state aid road has been built in the county, one mile on the Stanford pike and about one mile on the Lexington road, and all who have seen these roads pronounce them the best they have ever seen. Three miles of this road is being constructed by the county under the supervision of the state agent, while fourteen miles have been let by contract to Hughes Brothers & Ward

for \$1.45 a cubic yard. The estimated cost of these two roads is about \$1000 a mile, and aid the county receives from the state paying for half of it, reduces the cost very materially. It is thought by many if these roads are given a good coat of oil they will last for fifteen years without any further work than to keep the ditches open. The metal for the Stanford road is being shipped from Mt. Vernon and about 20 carloads a week are being delivered.—*Interior Journal.*

These pikes are on Boone Way, except the Lexington road.

### Livingston

L. H. Davis has his mill completed and is now ready for business.—Well, the third of November will soon be here and this will decide which will be governor of Kentucky for the next four years—Morrow or Stanley. Of course Stanley will be victorious. The republicans had to furnish a lamb for slaughter and it may just as well be Morrow as any one else. We believe Stanley will carry the state by a majority of 30,000. Brother republicans, Salt River is a dreary place, but we think this will be your home for the next four years. Our sympathy goes out after you, but when you held the reigns of government for over twenty-five years, you had none for us, so you will have to take the medicine.—Mrs. W. M. Owens and Mrs. G. S. Griffin were in Mt. Vernon, Sunday, visiting relatives.—S. C. Franklin, of Mt. Vernon was here Wednesday.—News is very scarce this week and my letter will be short.—Robert Griffin has rented rooms at the Mullins Hotel and has gone to housekeeping there.—Mrs. Fred Baker, of Mt. Vernon, is visiting relatives here this week.—Miss Rutha Painter, of Fariston, is visiting relatives here this week.—F. L. Thompson, of Mt. Pennington will move into his property on High street.—Mrs. Lizzie Swinford, of Colorado, is visiting her sister, Mrs. C. E. Rice.—Mrs. George Painter, who was very sick, is some better at this writing.—J. E. Woodall, traveling salesman, of London, Ky, was in our town Tuesday.—J. W. Baker, who is in Winchester in business,

\$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address E. J. CHENEY & CO., Toledo, Ohio. Sold by all druggists 75c.
